HOW TO USE OUR TEMPLATE.

The template is created to allow you to design and develop graphics on each model in our collection.
1. Open the layer window and make sure you are positioned on level named "Your Graphic".
2. Be creative! You only need to draw with vector sources. You can draw inside any piece of the model, only the locked ones cannot be customized.
3. When the graphics are ready, all you have to do is to decide which Sportful logos colour and lycra best match your uniform.
4. Save the project and share it with us, we will be ready to help you make your new uniform real.
