APEX NORDIC SUIT

SIZES: **XXS-3XL**
ERGONOMIC FIT

INSULATION	■ ■ ■ ■ ■
WATER PROTECTION	■ ■ ■ ■ ■
WIND PROTECTION	■ ■ ■ ■ ■
BREATHABILITY	■ ■ ■ ■ ■

CONCEPT

The Nordic Race Suit is the result of the experience gained in the fastest races, working in collaboration with Federico Pellegrino and the entire Italian national cross-country ski team. The experience acquired on the racing trails and the developments tested in the wind tunnel have led to the creation of the Apex Race Suit with the aim of providing the athlete with maximum aerodynamics, both in the materials and in the fit. The distinctive opening on the front makes the garment extremely technical and very comfortable for the athlete. The Apex Race Suit is available for any athlete who wants to feel distinctive.

FEATURES

- Unique panel construction provides maximum comfort while racing
- Made with Schoeller® on front, sleeves, sides and legs to ensure comfort and muscle support
- Breathable mesh panel on back for optimal thermoregulation and breathability
- Underarm insert for maximum freedom of movement
- Internal elastic at waist for improved fit
- YKK® Camlock® front zip
- Flat-lock seams for greatest comfort against the skin
- Silicone band at bottom of leg

APEX RACE JERSEY

SIZES: **XXS-5XL**
ERGONOMIC FIT

INSULATION	■ ■ ■ ■ ■
WATER PROTECTION	■ ■ ■ ■ ■
WIND PROTECTION	■ ■ ■ ■ ■
BREATHABILITY	■ ■ ■ ■ ■

CONCEPT

Identical to the race jersey made for Federico Pellegrino for the PyeongChang Olympics and for the Italian national team, except for the graphics and colors. The jersey combined with the tight creates the fastest race suit ever produced, in terms of aerodynamics. Comfort and breathability are the result of body-mapping research conducted with our athletes, with the aim of designing a garment that adapts to everyone's physical characteristics.

FEATURES

- This jersey, developed with the Italian national cross-country ski team, features a unique panel construction that provides maximum comfort while racing
- Made with Schoeller® on front, sleeves and sides to ensure comfort and muscle support
- Breathable mesh panel on back for optimal thermoregulation and breathability
- Underarm insert for maximum freedom of movement
- Silicone band at bottom
- YKK® front zip with cord zipper pull
- Flat-lock seams for greatest comfort against the skin

CONCEPT

The experience we've gained with adult race clothing has allowed us to design garments for small athletes with the same characteristics as the pieces for adults. Thermal comfort, lightness and simplicity of construction are the key characteristics of this item.

FEATURES

- Front, sleeves and back in Airflow TX Warm fabric for greater warmth, excellent moisture management and exceptional comfort against the skin on the coldest days
- Side panel and underside of sleeve in lightweight breathable Airflow
- Silicone gripper strip at bottom of jersey
- Back pocket for energy bar or gel
- Front YKK® zip
- Flat-lock stitching on armholes and shoulders for greater comfort against the skin

SIZES: 4Y-16Y REGULAR FIT	INSULATION	■ ■ ■ ■ ■
	WATER PROTECTION	■ ■ ■ ■ ■
	WIND PROTECTION	■ ■ ■ ■ ■
	BREATHABILITY	■ ■ ■ ■ ■

CONCEPT

The suit for training or racing, for future champions. The same construction as the adult version, with the main body and sleeves in printed polyester, the best fabric for warmth and thermoregulation. The side panels in lightweight fabric help eliminate excess moisture.

FEATURES

- Warmth and insulation ensured by construction in polyester
- Comfortable against the skin, thanks to flat-lock stitching
- Back pocket for energy bars or gels
- Silicone patch on elbow for maximum grip on ground while shooting

CONCEPT

Our warmest down jacket, made with natural down, for facing the coldest temperatures. Compactible and lightweight, it gives you the warmth you need when you're belaying your climbing partner or skiing down a mountain. Its compactibility allows you to always take it with you in your backpack so it's ready when you need serious warmth.

FEATURES

- Double front Vislon® zip with wind flap.
- Two front zippered pockets.
- Cuff for snug closure around wrist.
- Shaped hood with thermal wind seal around face.
- Adjustable draw cord at bottom of jacket.
- Two open inside pockets.
